RepRisk
for Financial and alternative data providers

RepRisk
ESG data science and quantitative solutions

Why Partner?

- Better serve clients and meet market demand: Expand data offering to meet growing market demand for ESG data, while leveraging deep domain expertise and proven track record of leader in ESG data science

- Shared expertise and innovation: Together with partners, we accelerate innovation of new ESG products and services, working in an agile manner to leverage expertise and complementary assets

- Faster product development: By directly leveraging RepRisk's razor-sharp ESG risk metrics in product development or redistribution channels, our partners can bring novel and targeted products and services to the market more quickly and effectively

Why RepRisk?

- **Focusing on the conduct of companies** as reported by 100,000+ public sources and measured by various ESG standards

- **Daily data updates** on 102 ESG factors with data history since 2007

- **Leveraging big data** via a powerful combination of AI and machine learning together with 150+ analysts in 23 languages for early risk detection

- **World's largest ESG coverage** of 250,000+ public and private companies across all sectors, and regions, including emerging and frontier markets

- **Ensures alignment** with the UN Principles for Responsible Investment, the UN Global Compact, SASB, and the SDGs
