RepRisk

Hello Banks!

Integrate business conduct and reputational risk signals into your client and investment portfolios with RepRisk's quantitative and qualitative solutions.

Why banks choose RepRisk:

- Actionable risk insights
- Break down data silos
- Regulatory alignment

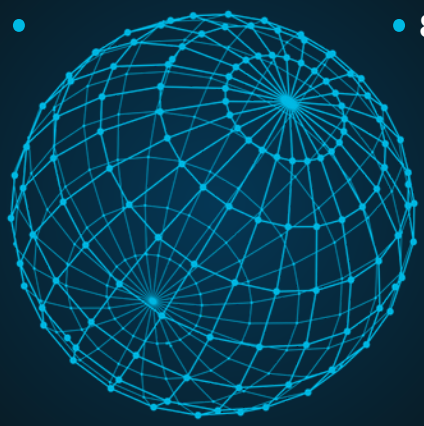
In today's dynamic markets, high-quality data enables better informed decision-making. Known for its relevant coverage, unparalleled accuracy, and speed, RepRisk empowers financial institutions to identify, assess, and monitor business conduct risks efficiently.

With RepRisk, you get performance and peace of mind.

For bankers that see beyond the numbers:

- Enhance due diligence by strengthening Know Your Customer (KYC) and client onboarding with business conduct insights.
- Mitigate greenwashing risk by going beyond self-reported data to uncover real-world reputational impacts.
- Protect your balance sheet and boost P&L by automating risk monitoring and early risk alerts.
- Support origination and risk management performance with enterprise-wide data integration.

- **100+** of the world's major banks
- **Public and private companies,** and related projects
- **40+** partners enabling enterprise-wide integration through leading delivery channels
- **Two-decade** heritage and consistent methodology



- **80%** of Fortune **500** companies
- **650k+** covered entities (largest and most comprehensive dataset)
- Company identifiers available include ISIN*, LEI, and BvD IDs* (party must have licensing agreement with the issuer)

Global competence, local presence

Offices: Zurich (HQ), Berlin, London, New York, Toronto, Manila, & Tokyo | Present in: Buenos Aires & Shanghai

"The RepRisk Platform assists the ESR team in the assessment of key clients and the projects that we finance, allowing ING to manage any environmental and social risk that we may encounter. "

ING

"RepRisk has been a trusted business intelligence partner of UBS since 2006."

Harnessing the power of advanced AI with humans in the lead

Bringing you the most trusted risk insights in the industry

To enable you to stay ahead, we combine advanced AI with expert human intelligence. Early adopters, we continuously experiment with and test new models, tools, and strategies. As pioneers at the forefront of AI evolution, we embrace and seamlessly integrate developments to bring you maximum value. Harnessing game-changing advancements is in our DNA, from generally available open-source and proprietary AI models, to innovating risk data processing and delivery.

Supercharging quality

At the forefront of each risk signal is our unmatched human expertise — shaping our risk data into accurate insights.

The foundation of our solutions — powering the reach, speed, scale, and coverage behind our trusted risk insights.

Clients
